

# THE EVALUATION OF THE SUBJECT TECHNICAL PHYSICS I

## LABORATORY EXERCISES:

10 exercises x 1 point total 10 points

## CONTINUOUS WRITTEN EXAMS:

1<sup>st</sup> continuous written exam 12 points

2<sup>nd</sup> continuous written exam 14 points

Total points for the semester from exercises and papers 36 points.

Handing in the paper is a necessary but not sufficient condition for obtaining points from the exercises. If the exercise is canceled (rector's day, dean's day, state holiday), the student will receive the average number of points calculated from the other exercises.

The condition of participation in the final exam is to submit reports and obtain minimum 17 points.

## FINAL EXAM:

2 theoretical questions x 9 points total 18 points

2 problems x 9 points total 18 points

1 question from the laboratory exercises 8 points

10 definitional questions x 2 points total 20 points

Total points on the final exam 64 points

In order to successfully pass the subject, it is necessary to obtain at least 32 points on the final exam.

A total of 100 points per semester.

## SCORING:

A ..... 92 – 100 points

B ..... 83 – 91 points

C ..... 74 – 82 points

D ..... 65 – 73 points

E ..... 56 – 64 points

FX ..... 0 – 55 points
